Director of Business Development,  
SYSTRAN
SOCMA Member Involvement

Performance Improvement Committee
• Committee Chair – Bryan Shaffer (McGean)

Beta Tester
• Gabriel Performance Products
• Siegfried USA, LLC
• Sun Chemical Corporation
• DanChem Technologies Inc.
Agenda

- Welcome
- SOCMA & Systran Partnership
- Chemical Operations Training Tool Overview with Workforce Development Best Practices
- Implementation Strategies
- Purchase Process
- Q&A
SOCMA & Systran Partnership

- **Reason for partnership:**
  - SOCMA – Old COT Content
  - Systran – Training Delivery Experts

- **Goals**
  - Create Customized Training
  - Engage Membership – Performance Improvement Committee (PIC)
  - Future Content Enhancement
    - Version update every 18-month with additional animations
Purchase Process Flow

1. Place order online at www.socma.org
2. Receive Confirmation email
3. Download digital files including One Pager, Instruction Kit, Instructor PPT & Training Guide
4. Receive link and password to the ChemStewards Portal
5. Access and Navigate the Training Portal
1. Product Store Page

www.socma.org/operations-manufacturing/training/

2. Instruction Page

SOCMA's new Chemical Operations Training Tool delivers quality training that bolsters content retention and strengthens continuing education for new and experienced employees at all levels within your organization. The new tool:

- Includes 3D interactive animations of process equipment, including self-assessment exercises
- Is flexible and adaptable, can be used as a standalone, or supplement to an existing training program
- Provides lesson objectives, lesson introductions and summaries
- Helps engage new operators and guide them through the technical information presented

ROADMAP TO THE NEW CHEMICAL OPERATIONS TRAINING TOOL

Download your digital files (instructions below)

You will receive a link and password to the Portal

Access to Training Portal

HERE’S WHAT YOU GET:

Within 1-2 business days, you will receive an email with your temporary password and link to access the Training Portal.

You will have access to four interactive learning units plus a fifth unit that contains 25 additional learning animations. Each unit is subdivided into chapters that contain the following:

- Chapter Summary
- Instructions
- Learning Objectives
- Table of Contents
- Process Equipment Animations are embedded into each chapter. Look for the button and experience a new level of learning.

DOWNLOAD YOUR TRAINING TOOLS:

- Download Chemical Operations Training 2.0 PDF and Instructor PowerPoint Presentation links
- Access the new CHEMICAL OPERATIONS TRAINING TOOL here
- Once logged in, select “Training Portal” on the left-hand side. We recommend the use of Google Chrome for the best training experience

ADDITIONAL RESOURCES FOR YOU:

- If you would like a copy of the original training manual, please contact chemtrain@socma.org

If you have any questions, email us at chemtrain@socma.org or call 713-522-3120.
3. Download Digital Files

RESOURCE PORTAL & UNIT OVERVIEW
Thank you for subscribing to SOCMA’s new Chemical Operations Training Tool!
This portal is where you’ll be able to access individual powerpoints and training guides — including partial access to the new 3D interactive videos — powered by System.
The Chemical Operations Training Tool currently includes: 4 Learning Units.

UNIT 1: BASIC SCIENCE
1. Basic Science
   - Safety
   - Operations
   - Regulatory
   - Equipment

UNIT 2: PROCESS EQUIPMENT
1. Process Equipment
   - Operation
   - Maintenance
   - Control
   - Safety

UNIT 3: INSTRUMENTATION & CONTROL
1. Instrumentation
   - Control
   - Safety
   - Training
   - Equipment

UNIT 4: CHEMICAL PLANT OPERATION
1. Chemical Plant
   - Operation
   - Safety
   - Training
   - Equipment

UNIT 5: OTHER TOPICS
1. Other Topics
   - Safety
   - Training
   - Equipment

MATERIAL DOWNLOAD
Your video training portal will become available within 48 hours of subscribing. While your account is being set up, please download and review the support materials provided.

DOWNLOAD INSTRUCTOR’S GUIDE (PDF)
Use the instructor’s guide as an aid to your own training program or to share with others.

DOWNLOAD SLIDES (PDF)
All presentation slides for Units 1-4 have been combined, and are available for download.

VIDEO TRAINING PORTAL
Access the training portal for interactive learning experiences.

CONTACT & SUPPORT
The SOCMA team is available to answer any questions you may have regarding the new training tool or your subscription. Contact Joe or Emi with your questions!
