

SOCMA Exhibitor Rules

Exhibitor Badge Protocol

At registration during setup hours, exhibitors can collect their badges. All booth personnel must obtain and display their badges prior to the show floor opening. No exceptions will be made for floor access without proper credentials.

Sound Management

Given our full program of showcases and presentations, we require all exhibitors to maintain appropriate sound levels throughout show hours. This ensures an optimal experience for all participants and maintains the professional atmosphere of the event.

Show Floor Operations

The integrity of our show experience depends on all exhibits remaining fully operational until the designated closing time. Early dismantling is not permitted under any circumstances. Please note that violations of this policy may result in the forfeiture of priority booking status and preferred booth placement for the 2026 SOCMA Show..
