

# Complex Química

*Your trusted chemical manufacturing partner*

MONTERREY, MEXICO (2025)

***Bespoke chemicals***  
***Seamless service***

**COMPLEX**  
SINCE 1958

# Quick Introductions

**Jorge Hinojosa**  
*Commercial Director*

**26+ years** at Complex Química  
*Lead commercial strategy & key customer relationships*

**Raúl Jasso**  
*BD Manager*

**Business Development - Tolling**  
*Focus on new partnerships & tolling opportunities*

**Who We Are |**  
Mexican based  
custom & toll  
manufacturer of  
chemical specialties  
with ~70 years of  
reliable experience

- >150 Employees
- >40 installed reactors
- >10 blend tanks

- 2 plants in Monterrey, Mexico (25 total acres)
- 1 distribution center in Mexico City
- Open land (3 acres) for possible **joint venture (JV)**

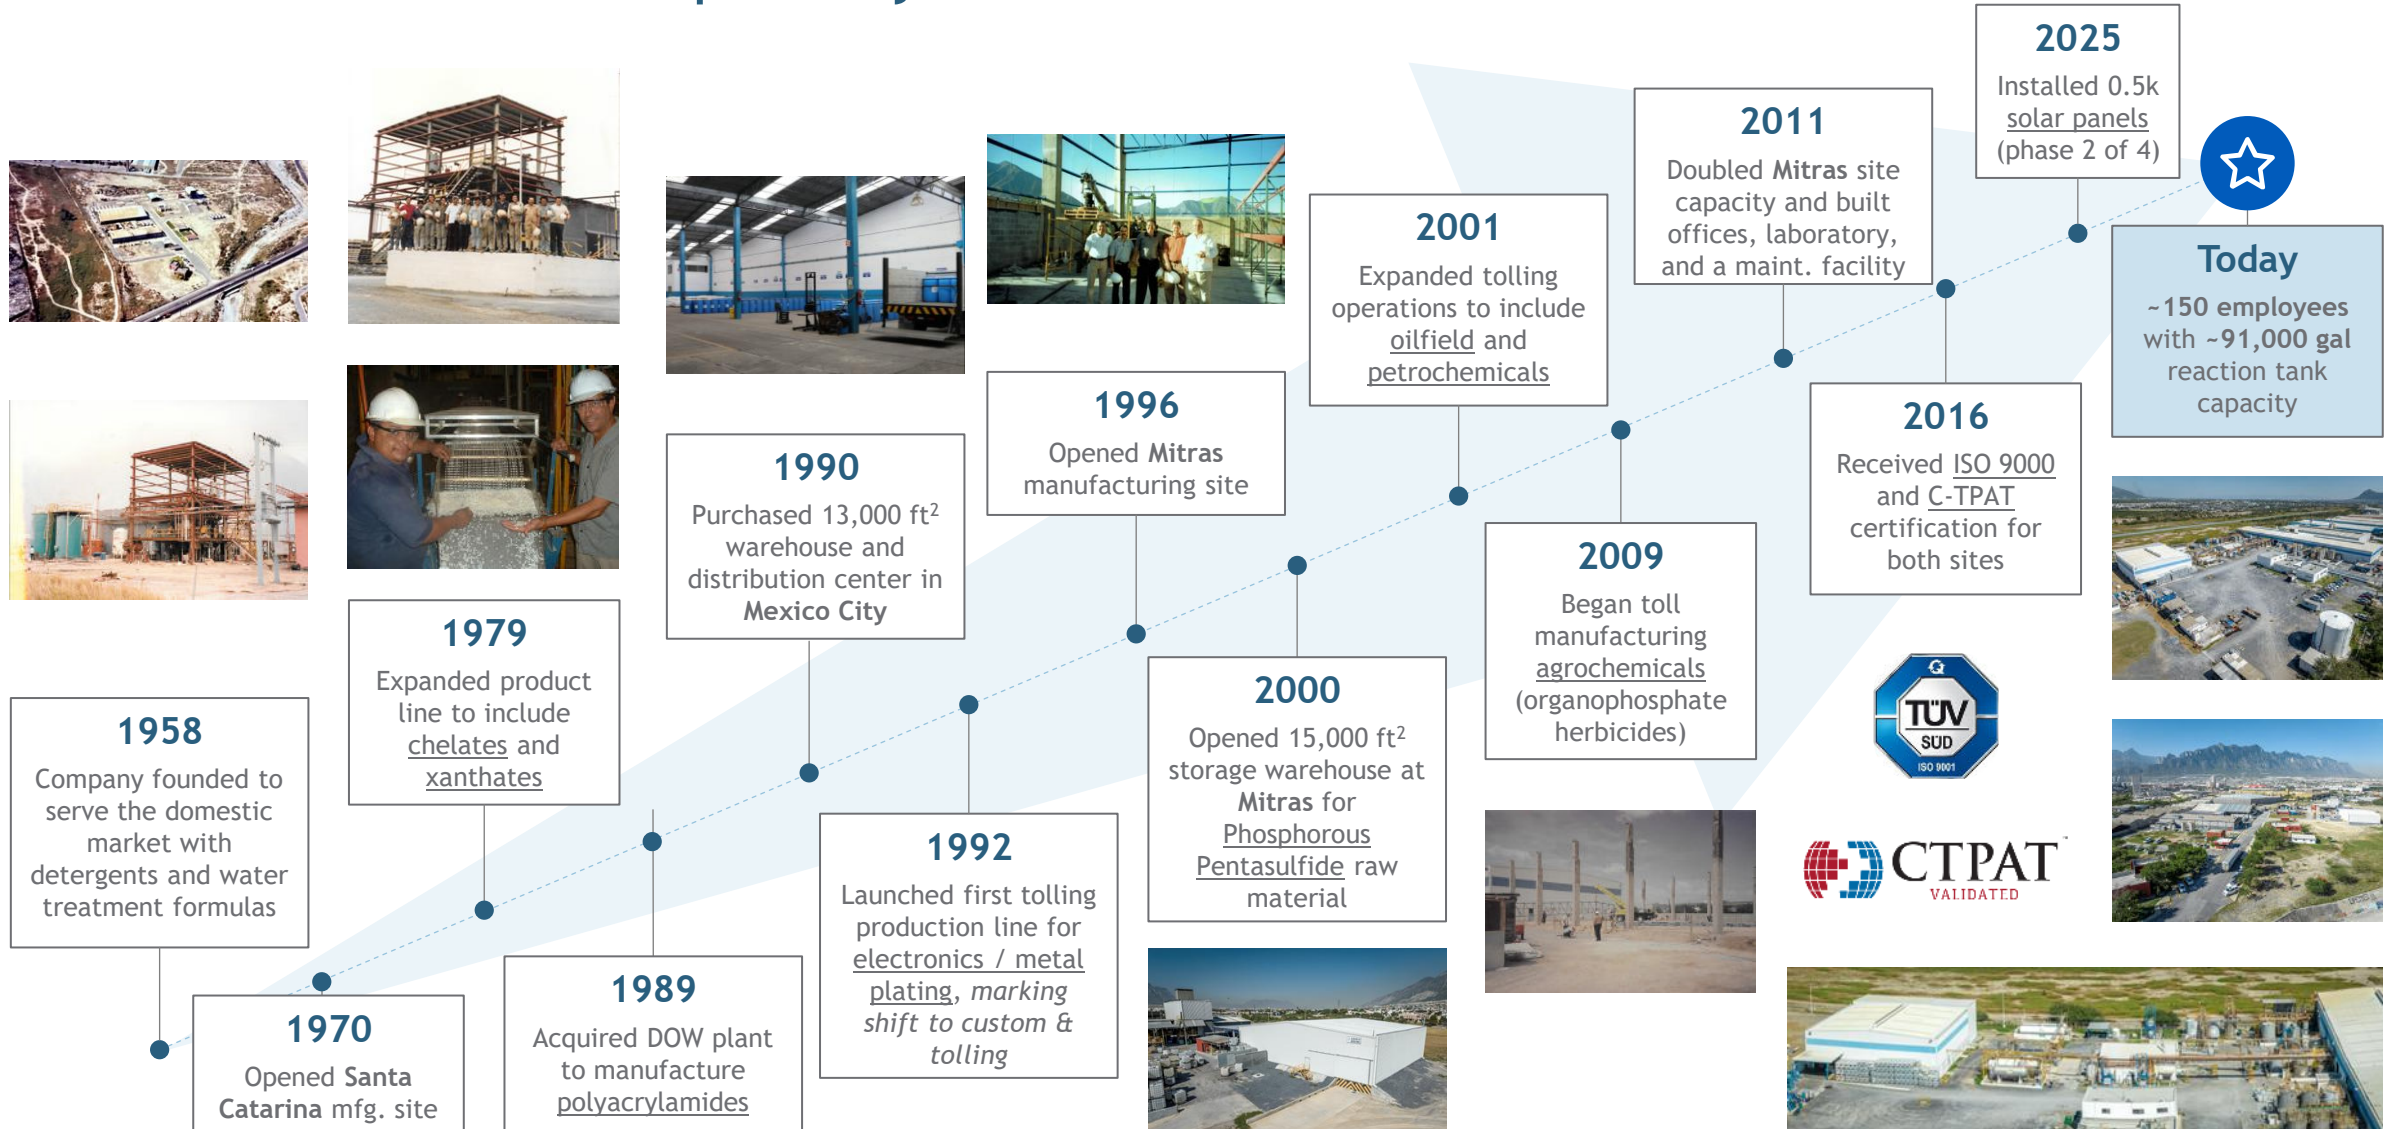

- 70%+ of our production is exported mainly to the US, Canada, and Europe

- **Confidentiality agreements** with customers and employees

# History | Established since 1958 and organically grown to serve worldwide market of specialty chemicals

**COMPLEX**  
SINCE 1958

# Our Facilities | We have two (2x) state-of-the-art facilities located in Monterrey, Mexico, ~150 miles from Texas (USA)

## Santa Catarina Plant (Monterrey)

## Mitras Plant (Monterrey)

- 150 miles south of Laredo (TX)
- Access to key ports: Atlantic - Altamira, Veracruz, Houston (TX); Pacific - Manzanillo and Long Beach (CA)

## Why choose us? | We have state-of-the-art equipment...

### Flexible, multi-purpose equipment:

- 23 Stainless steel reactors (100-7,700 gal)
- 14 Glass-lined reactors (1,000-4,000 gal)
- 1 Nickel reactor (5,000 gal)
- >10 blend tanks (5,000 gal each)
- Centrifuges
- Spray, Drum, and Wyssmont Dryers
- >60 storage tanks with a total capacity of >5,000 MT

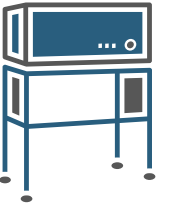

### Reactor operating conditions:

- Temperatures: 0-280°C (32 to 536°F)
- Pressures: full vacuum to 70 psig

...and advanced capabilities to meet your needs

- **24/7 Operations:** One, two, or three shifts, 7 days/week
- **Analytical services:**
  - HPLC, Gas Chromatography
  - Atomic Absorption, ICP
  - UV-VIS, FTIR
  - Karl Fischer, Flash-Point
  - Viscometers (Brookfield & Capillary)
  - TGA & Centrifuge for solids
  - Classical Methods
  - Additional tests via partnerships with local labs/universities

# Our Expertise | We handle the following raw materials and finished products to serve a diverse set of key industries

## Some of the raw materials we handle...

- Acrylamide
- Acrylic acid
- Acrylonitrile
- Alkanolamines
- Alkyl & dialkyl amines
- Aluminum trichloride
- Ammonia
- Ammonium hydroxide
- Azo initiators
- Benzene
- Benzenesulphonyl chloride
- Carbon disulfide
- Chlorine
- Epichlorohydrin
- 2-ethylhexyl acrylate
- Ethyl Acrylate
- Fatty acids
- Formaldehyde
- Linear alcohols
- Maleic anhydride
- Methyl chloride
- NaOH & KOH
- Nonyl Phenol
- Nonyl Phenol ethoxylates
- Organic peroxides
- Phosphorous acid
- Phosphorous pentasulfide
- Phosphorous pentoxide
- Sodium cyanide
- Styrene
- Sulfur dioxide
- Sulfur monochloride
- Triisobutylene

## ...and finished products we manufacture...

- Amides
- Ammonium quaternary compounds
- Chlorinated intermediates
- Dithiocarbamates (\*)
- Dithiophosphates (\*)
- Chelates (EDTA & DTPA) (\*)
- Imidazolines
- Monothiophosphates
- NaSH (\*)
- Organophosphate herbicides
- Phosphonic acid
- Phosphonates
- Polyacrylamides (\*)
- Polyacrylates (\*)
- Sulfonamides
- Sulfones

## ...to serve the following industries:

- O&G / Petrochemical
- Agrochemical
- Mining
- Rubber
- Pulp & Paper
- Adhesives
- Soap & Detergents
- Water Treatment
- Textiles
- Leather goods
- Metal plating / finishing
- Electronics
- Firefighting
- Automotive & Lubricants

# Tolling Arrangements | We offer flexible business models tailored to your needs, from simple toll manufacturing to full-service support

<b>Formula / Technology</b>	Customer	<p><i>Plus many different custom hybrid solutions – blending ownership and expertise based on your needs</i></p>	Customer
<b>Equipment</b>	Customer		Complex
<b>Raw Materials</b>	Customer		Complex
<b>Logistics</b>	Customer		Complex
<b>Quality Control</b>	Customer		Complex
<b>Mfg. Know How</b>	Customer		Complex
<b>Mfg. &amp; Operations</b>	Complex		Complex
<b>Mfg. Fees</b>	Toll Fee		Full-Service Premium

# Our Standards | We comply with industry best practices and top safety standards to ensure quality, safety, and on-time-delivery of our products

## Awards:

---

- **Clean Industry Award:** Honored by the Mexican Environmental Protection Agency (EPA) for leadership in sustainable practices

## Certifications:

---

- **Safe Company:** Accredited by Mexican OSHA for maintaining high workplace safety standards
- **ISO 9001:2015:** Certified for implementing a strong quality management system that ensures consistent product excellence
- **C-TPAT:** Certified under the Customs-Trade Partnership Against Terrorism for secure and efficient international trade operations
- **ECOVADIS:** Member since 2023. Recognized for sustainability performance in environmental, labor rights, ethics, and sustainable procurement

## Associations:

---

- **ANIQ:** Proud member of the National Association of the Chemical Industry, demonstrating our commitment to industry best practices
- **COMCE:** Member of the Mexican Business Council for Foreign Trade, strengthening our global trade network and competitiveness
