CHEMICAL DISTRIBUTION

Haviland global sourcing practices provide competitive distribution solutions for our customers.

We deliver product directly, quickly, and at a lower cost than competitors.

SURFACE FINISHING

Haviland is a leading manufacturer and supplier of surface finishing chemistries since 1963.

We provide full line chemical responsibility for surface finishing professionals, helping ensure trouble-free and compliant processing

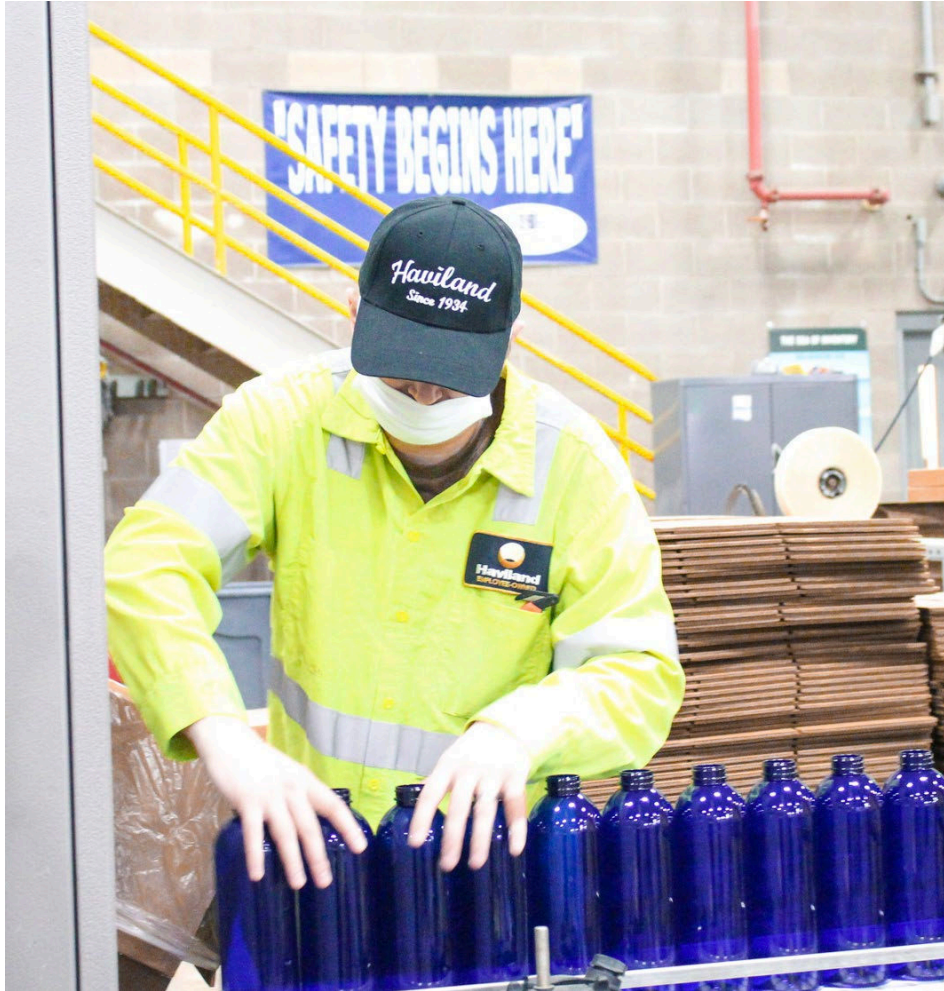

WATER TREATMENT

For over 50 years, Havaland has been providing cost-effective solutions to help meet your water quality needs.

Havaland's technical team works directly with customers offering customized water treatment programs centered around specialty and commodity chemistry providing optimized results.

CONTRACT MANUFACTURING

Bringing Value To Your Business is the driver behind Haviland's contract manufacturing services.

Our team of chemical experts will guide you to cost-effective, quality solutions that create Competitive Advantages for your business
