# Sustainability Journey

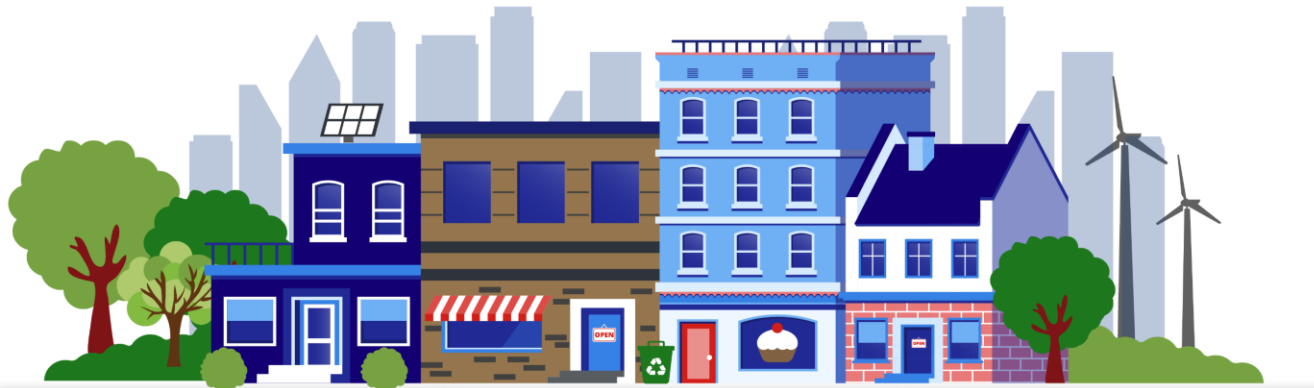

# Sustainability- Small Business Resources

From the EPA Office of Small & Disadvantaged Business Utilization

## SMART STEPS TO SUSTAINABILITY

YOUR GUIDE TO A GREENER SMALL BUSINESS

### SUPPLIER SUSTAINABILITY WORKSHOPS

## Smart Steps to Business Sustainability Planning Tool

Designed for you to input your own business information, rank your environmental issues and motivations, and assess your company's impact on the environment. These steps will help you set goals for your company and its employees that then can be shared in the Business Sustainability Action Plan and Strategy document.

<https://www.epa.gov/saferchoice>

EPA [Safer Choice](#) is helping consumers, businesses, and institutional buyers identify cleaning and other products that work well and use safer ingredients for people and the planet. [Learn more about the program by watching these Safer Choice videos.](#)

# ***HIGHLIGHTS***

# 2024 Facility Improvements Storage Shed with Solar Power

**Reduces Power Usage by 1 FULL Month per Year**

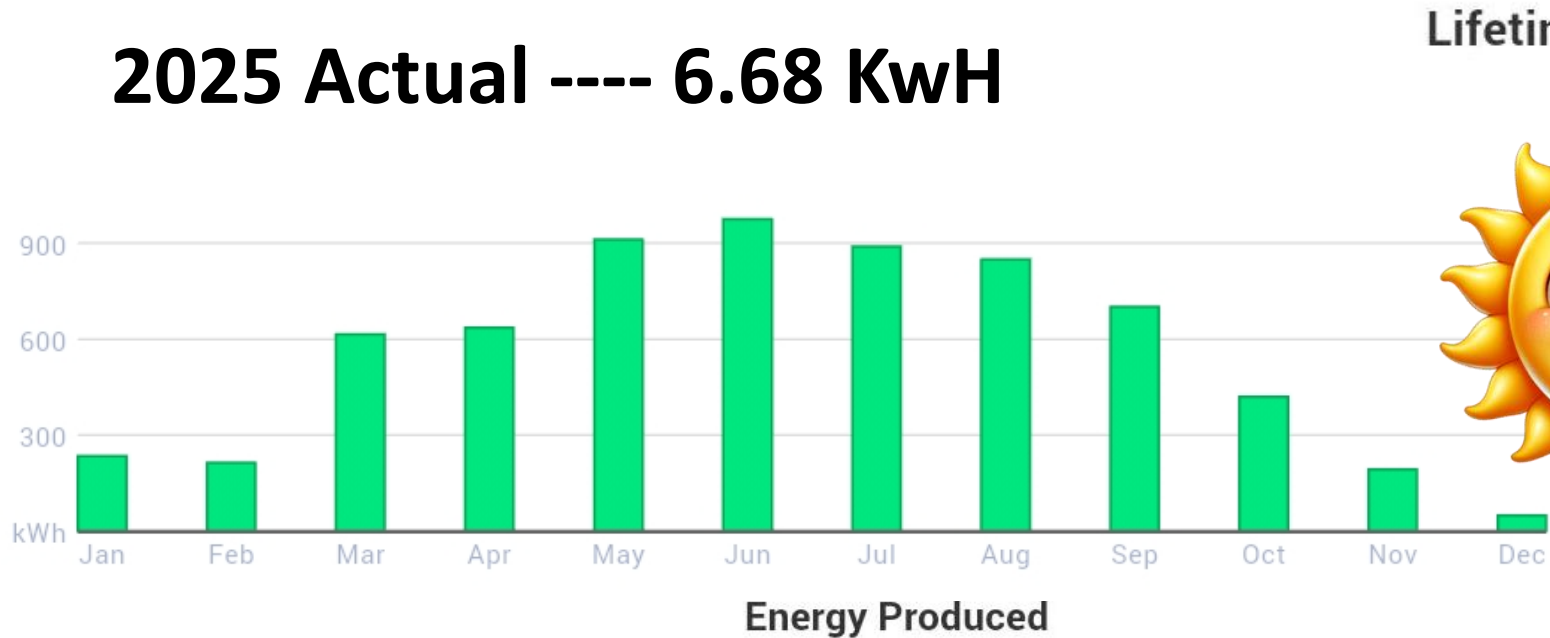

**State Incentives and Tax Credits Received in 2025**

# 2025 Yearly Solar Output

Theoretical System Output - 6.58 - 6.97 Kwh

2025 Actual ---- 6.68 Kwh

Lifetime Environmental Benefits

11,107

Pounds of CO<sub>2</sub> Emission Saved

This Month

111 kWh

This Year

237 kWh

Lifetime

7.17 MWh

# Areas that Impact Sustainability – Operations Choices

Each Tree Saved by Recycled Paper will  
**Absorb 48 pounds of Carbon Dioxide** Every Year

**Office  
Recycled Paper  
Products**

**Cardboard  
&  
Paper Product  
Recycling**

Replace your Printer Ink with Reusable  
Ink Cartridges or Print Only when Needed

Use Refillable Water Bottles  
Instead of Paper or Styrofoam Cups

Recycle Bin Under Each Desk

Separate Dumpster for Recycling Only

# Areas that Impact Sustainability – Operations Choices

**BOILER HEATING for REACTIONS & BUILDING**

**GLOVE CHOICES for DIFFERENT FUNCTIONS**

**ECO FRIENDLY PACKAGING SUPPLIES & REUSE**

**REDUCE WATER USAGE –SOAKING to CLEAN**

# 2025 Facility Improvements

Let the Sun Shine in!

# 2025 Facility Improvements

# Areas that Impact Sustainability

## SUSTAINABLE PRODUCTION STRATEGIES

# REUSE Packaging Schemes

# EHS Observations Made Easy

**S**  **FETY**  
ProChem inc.

*NEVER HURTS!*

**EHS Observation Submission Form**

*Use this QR code to link to the form to use to report  
an Environmental or Health Safety Risk*

# Sustainability Objectives

- Start Small
- Engage Employees
- Use Resources
- Ask For Input  
to Gain Support
